BG При монтиране, ползване, обслужване и поддържане на продукта е задължително спазването на изискванията, описани в книжката с инструкциите за монтиране и ползване, и гаранционната карта на продукта. След изчерпване на работния ресурс на продукта е задължително спазването на изискванията на действащите нормативни документи (наредби и директиви), отнасящи се до правилното му демонтиране, изхвърляне и рециклиране, и опазването на хората, и околната среда.
Водоподгревателите с означение „E“, „EW“ или „DU“/„DV“ в номера на модела могат да бъдат настроени да работят само в невърхови часове. Енергийната им ефективност при подгряване на вода и годишното им електропотребление, съответстват само на режим с активирано интелигентно регулиране.
Информацията за водоподгревателите с универсален монтаж на стена (в хоризонтално или вертикално положение) е валидна за вертикално монтиран водоподгревател.

EN During product installation, use, service, and maintenance it is compulsory to comply strictly with all instructions in the user guide for installation and usage, as well as with product warranty card. Once the product lifetime is terminated it must be dumped in accordance with the provision of legislation in force (regulations and directives) concerning its correct disassembly, disposal, and recycling, as well protection of mankind and the environment.
Water heaters including „E“, „EW“ or „DU“/„DV“ symbol in their model numbers are able to work only during off-peak hours. Their water heating energy efficiency and annual electricity consumption relate to enabled smart control settings only.
Information regarding universal wall mounting water heaters (in vertical or horizontal position) is valid for vertical mounted water heater.
